- extension of the Agenda of the 38th General Meeting of Shareholders of Zavarovalnica Triglav d.d. by adding Item 5, requested by a group of shareholders on 17 May 2013;

Ljubljana, May 2013

I.
Counterproposal

On 13 May 2013 Zavarovalnica Triglav received a counterproposal from the shareholder Društvo Mali delničarji Slovenije (Minor Shareholders Association of Slovenia; hereinafter: the MDS), holding one ordinary share of Zavarovalnica Triglav d.d., as follows.

The MDS hereby submits a counterproposal to Item 3 of the Agenda (Draft Resolution No. 3.1) of the 38th General Meeting of Shareholders of Zavarovalnica Triglav d.d., proposing to the latter to adopt the counterproposal, notifies its intention to object to the proposal made by the Management and Supervisory Boards and to convince other shareholders to vote in favour of the following counterproposal:

Counterproposal to the Draft Resolution No. 3.1:

»The accumulated profits amounting to EUR 98,205,999.33 as at 31 December 2012 shall be distributed as follows:

- part of the accumulated profits in the amount of EUR 32,738,613.12 for dividend payments. The dividend equals EUR 1.44 gross per share, payable to the shareholders appearing in the Shareholder Register two days following the date of the General Meeting. Dividends shall be paid within 30 days of the date this resolution is passed;
- the distribution of the remaining accumulated profits in the amount of EUR 65,467,386.21 shall be decided in upcoming years«.

The MDS proposes that the vote on its counterproposal take place before the vote on the original Draft Resolution and any other possible counterproposals made by other shareholders.

Shareholder's explanation of the counterproposal:

Pursuant to the recommendations of the Government and its parastatal funds regarding general meeting of shareholders of public limited companies, the companies with good performance should distribute at least one third of their accumulated profits to dividend payments. In accordance with this recommendation and the established practice, the MDS herewith proposes to Zavarovalnica Triglav d.d. to pay EUR 1.44 of gross dividend per share. This amount does neither burden nor limit the liquidity and current business, whilst still allows the Company to attain all of its strategic objectives, as it is still left with two thirds of the accumulated profits from 2012 for profit generation and development.

Therefore, the MDS believes that the dividend amount it proposes is reasonable and in the interest of all shareholders. It is also in the interest of all loyal shareholders – among them those who have supported and are supporting the endeavours of the MDS for a more transparent reporting on the

operations of all members of the Triglav Group and those who have already proved this at previous General Meeting of Shareholders by giving their proxies to the MDS. At the 37th General Meeting of Shareholders of Zavarovalnica Triglav d.d. the MDS's proxies represented as many as 820,580 shares and accounted for 7.29% of voting rights. This constitutes grounds for the proposal.

The MDS invites the Management Board of Zavarovalnica Triglav d.d. to, in accordance with the Companies Act, publish this counterproposal in an adequate manner (the same as the Announcement of the 38th General Meeting of Shareholders of Zavarovalnica Triglav d.d.) and to also include this counterproposal in the authorisation for the solicitation of proxies carried out by the Company. Not only the Management Board but also the Supervisory Board is called to take stance on this counterproposal, since the latter proposed the original Draft Resolution jointly with the Management Board.

Stance of the Management Board on the counterproposal to the Draft Resolution No. 3.1:

The Management Board of Zavarovalnica Triglav d.d. is against the counterproposal of the MDS regarding a dividend payment of EUR 1.44 per share since it believes that the level of accumulated profits available for distribution in the form of dividends, and the general assessment of the appropriate dividend amount provided by the MDS, are not the only relevant elements to be considered in dividend payments; the expected capital adequacy trends in non-life and life insurance, the estimated ratio of insurance technical provisions and appropriate investments and its sensitivity to changes in interest rates should also be taken into account.

The Draft Resolution of the Management and Supervisory Boards is in line with the dividend policy, set out in the Strategy of the Triglav Group, according to which dividends shall be paid out if the Group has enough capital for "A" stand-alone credit rating (pursuant to S&P methodology).

Simultaneously, this is in line with the fact that at previous General Meetings, regardless the Strategy, the shareholders have always required a certain level of dividends, i.e. a current yield on the Zavarovalnica Triglav's shares. At the General Meetings shareholders explained their requirements and resolutions by their expectations that approximately one third of the Triglav Group's net profit earned in the preceding fiscal year be earmarked for dividends. Hence we suggest to take the Triglav Group's net profit for the 2012 fiscal year (of the shareholders of the controlling company) amounting to EUR 72,512,977 as a basis. On that basis the proposed dividend for the 2012 fiscal year would be rounded to EUR 1.00 per share. Due to the continuously fierce economic conditions and in view of the current and expected capital adequacy trends, the proposal of the Management and Supervisory Boards of a gross dividend of EUR 1.00 per share is in accordance with the Strategy of the Triglav Group and estimated to be appropriate and suitable.
